

Attendance shortage Notification

Dear parents and students

This is to inform you all that we are making few reforms to improve the discipline and academics in dental college. An important component of which is attendance of the students in class. As per the university rules a student is not allowed to appear for professional examination in the event of attendance being less than 75%.

In view of this we propose that in case the student is not able to attend the college for a particular day (lecture /lab/classes), the parents should intimate the mentor of the student (from the registered mobile number) prior to the leave or on the day of absence., failing which the fine of Rs 500/- will be imposed per day and absentee will be required to submit an assignment of the missed lecture to the concerned teacher.
