

## **BBD COLLEGE OF DENTAL SCIENCES ORGANISED WEBINAR ON ENDODONTICS**

A webinar on “Diagnosis, treatment planning and prognosis in Endodontics” was organised in BBDCODS, Lucknow, yesterday with full support from Dr. B. Rajkumar, Principal and Dr. Anuradha P., Chairperson, CDE Committee.

Web lecture was conducted throughout India in 25 colleges simultaneously and BBDCODS, Lucknow being the only center in U.P. State. It was taken by Dr. Anish Naware who is a dedicated Endodontist for past 30 years, speaker of national and international repute for past 18 years. He has received two awards towards contribution to Modern Endodontics & has patents of designs of two Endodontic instruments.

Web lecture was attended by over 100 undergraduate and postgraduate students who were shown cases of endodontic diagnosis through clinical pictures, x-rays & even CBCT used for diagnosis. Some challenging cases with jaw pathologies were also discussed for diagnosis and treatment plan with informed prognosis to the patients. The question answer session was also done live over the internet and was enriching for the students.

The web lecture was followed by a short hands-on course on management of dentinal hypersensitivity by topical therapy in clinic on patients where students learnt the right way of topical application of medications used for hypersensitive teeth.
